We are all connected and we want  
to... " not be judged by the color of [our] skin, BUT  
by the content of [our] character."

I am Jewish.

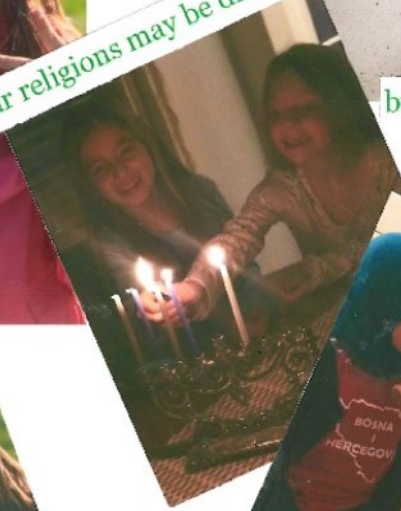

My best friend is Muslim.

We love playing and laughing.

Our religions may be different,

but our differences

make us special.

We think, if everyone took time to learn about each other's differences, they may realize they are more alike than they first believed.

"People fail to get along because they fear each other; they fear each other because they don't know each other; they don't know each other because they have not communicated with each other." Rev. Dr. Martin Luther King, Jr.

We know our friendship can make a difference.

## Strengthening Our Destiny

Dr King was saying that everyone in the world should be nice to each other and everyone should have the same rights.

We can strengthen our destiny by having each others backs.

We should treat everyone with kindness and not be so hateful.

We should stand up for one another and treat each other equally.
