

NAME _____

KINDERGARTEN – 2ND GRADE

SPRING ART BINGO

Choose the challenges that inspire you and mark them off as you go. Try to get 5 in a row- across, up & down, or diagonal- as many times as you can! If you would like to email pictures of your creations to davenportv@carliseschools.org!

Try and find something for every color of the rainbow and take a photo of them together!

Create a crayon rubbing using plants from outside placed under your paper!

Draw the best surprise ever!

Build a blanket fort with your family!

Draw or paint outside!

With your family's permission, create an art gallery somewhere in your home!

Draw your favorite animals having a party together!

Make 5 paper air planes, all different ways, and see which design flies the best. Don't forget to decorate them all!

Draw what you think a monster dreams about!

Use blocks, cups, boxes, or books to create a tiny town or city!

Draw everything you did today!

Try drawing your favorite things with the hand you don't usually draw with!

Free Space!
You make art everyday without even realizing it!

Read a book with a friend or family member, then each of you draw what you think happened after the book ended!

Draw an imaginary machine you wish you had at home!

Make up a new language! Draw what it looks like!

Make something you can wear- a shirt, jewelry, a hat, or more!

Make salt dough with a family member and build a new world together!

Use things you find outside to make art!

Go for a walk with your family and collect small treasures. Make a museum for them when you get home!

Pick an area of your home and draw it exactly how it looks right now!

Make a small piece of artwork and leave it somewhere for a stranger to find and love!

With an adult, find things in your house you can use as paint, like berries, coffee, dirt, leaves, spices, or more!

Draw what you think the inside of a computer looks like!

Find a friend or family member and draw each other without looking at your papers until you're done!

NAME _____

3RD-5TH GRADE

SPRING ART BINGO

Choose the challenges that inspire you and mark them off as you go. Try to get 5 in a row- across, up & down, or diagonal- as many times as you can! If you would like to email pictures of your creations to davenportv@carliseschools.org!

Go for a walk with your family and collect small treasures. Make a museum for them when you get home!

Sketch ideas for as many inventions you can think of!

Make something you can wear- a shirt, jewelry, a hat, or more!

Make salt dough with a family member and build a new world together!

Build a sculpture out of things that your family no longer uses, like recyclables or old clothes! Be sure to ask first!

Make a flip book!

With your family's permission, create an art gallery somewhere in your home!

Make 5 paper air planes, all different ways, and see which design flies the best. Don't forget to decorate them all!

Make something out of pictures you cut out of magazines, newspapers, or other unwanted papers around your home!

Draw a jar, then draw things you are thankful for inside of it!

With an adult, find things in your house you can use as paint, like berries, coffee, dirt, leaves, spices, or more!

Draw a new cover design for a book you love!

Free Space!
You make art everyday without even realizing it!

Use items around you to make a color wheel and take a photo!

Make a small piece of artwork and leave it somewhere for a stranger to find and love!

Draw a comic showing everything you did that day!

Draw 5 pictures in black and white to use as coloring pages later!

Try and draw everything you ate today!

Find a friend or family member and draw each other without looking at your papers until you're done!

Go outside, listen, and draw what it makes you imagine!

Create a crayon rubbing using plants from outside placed under your paper!

Make a sketchbook out of paper, cardboard, and anything else in your home you can use!

Go somewhere and draw what you see happening around you!

Scribble randomly on a paper, then try and turn it into something!

Draw something detailed & colorful, then cut it up into puzzle piece shapes and have someone solve it!
