

Hello families who will be picking up and dropping off!

Crestview will be maintaining a similar drop off and pick up process. However, we will be adding some additional features to help create a safe environment for all of our students.

Inside of this envelope are two tags which will help to create a safe drop off and pick up process:

Large Car Visor Sign-This will hang on your review mirror and notify staff when you have arrived.

Student Drop off and Pick Up Backpack Tag

Please utilize these tools on the first day of school. If you need additional tags for multiple vehicles, please let us know on the first day of school when you get into line.

As a reminder, doors will open at 9:20 and dismissal will be at 3:20. Please be patient with us the first few weeks as we navigate this new process!

Please see map on the back which shows where to stop for dropping off students at door #10
