

Hello families who will be picking up and dropping off!

Inside of this envelope are two tags which will help to create a safe drop off and pick up process:

Large Car Visor Sign-This will hang on your review mirror and notify staff when you have arrived.

Student Drop off and Pick Up Backpack Tag

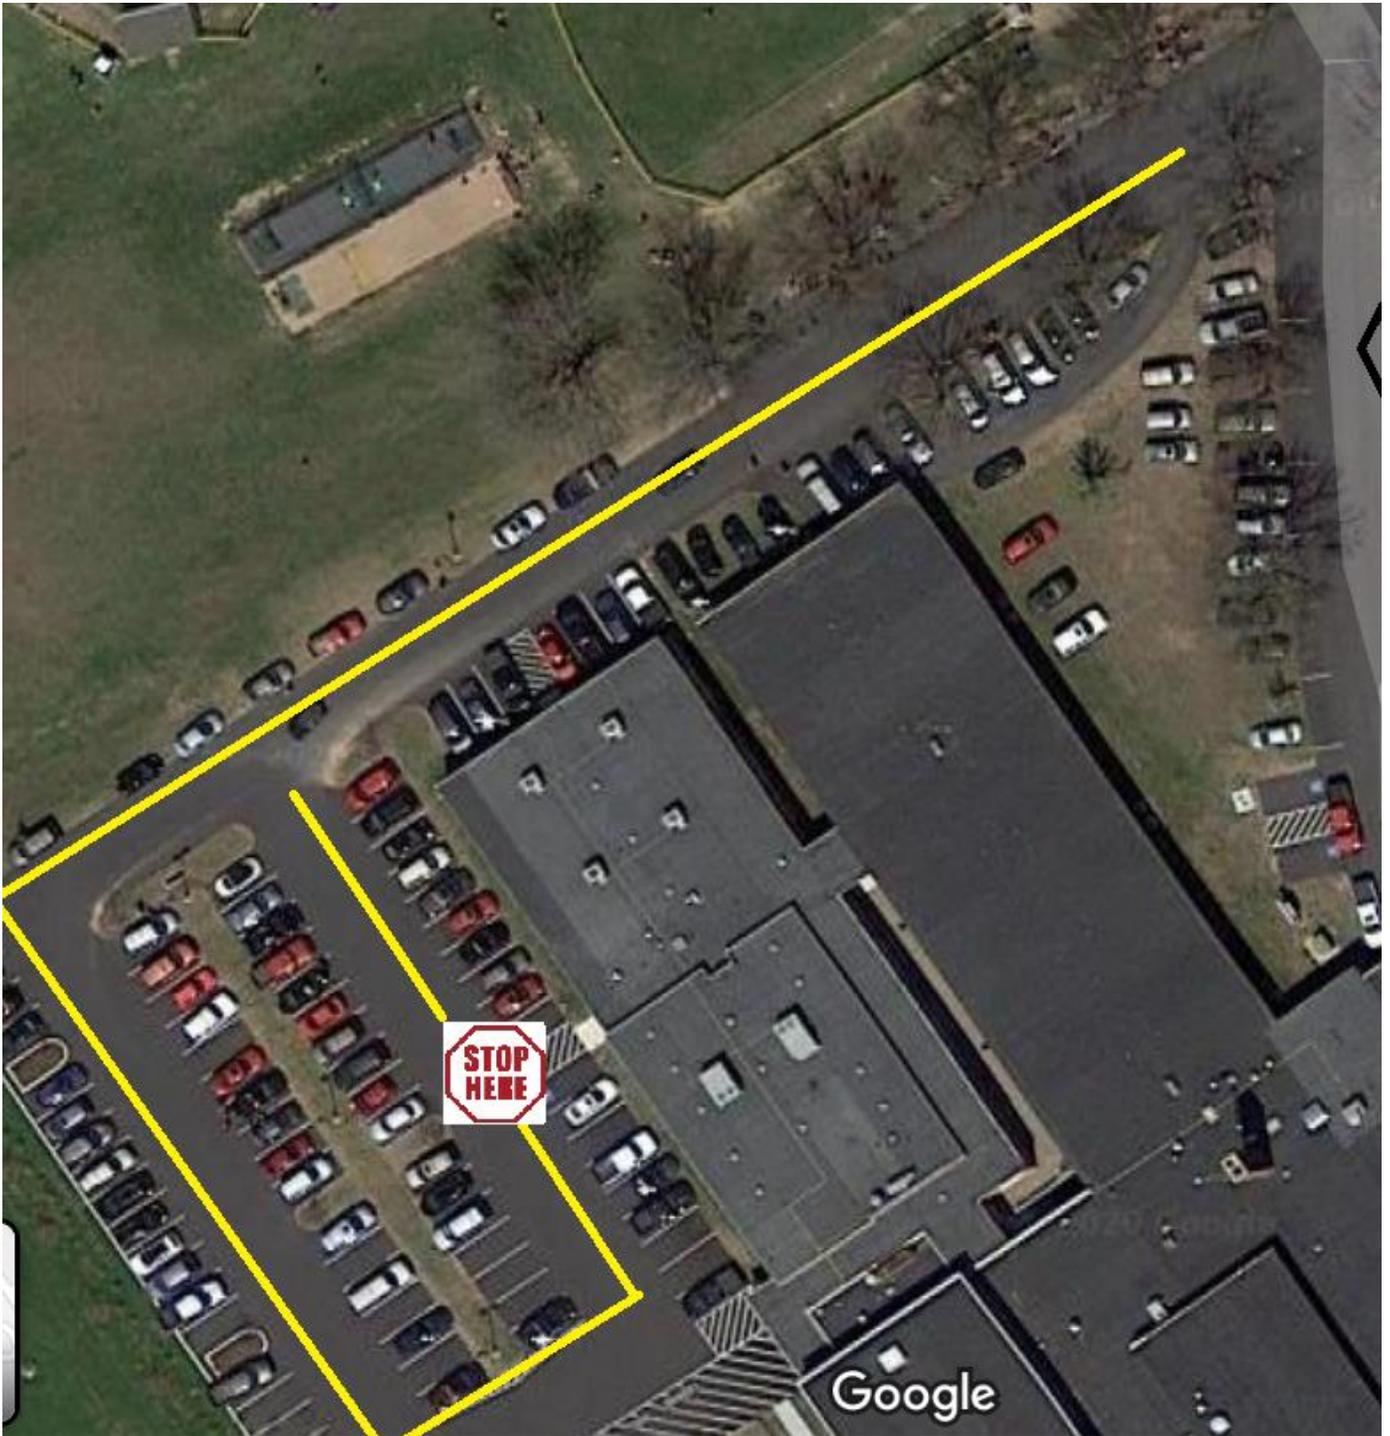

Please utilize these tools on the first day of school. If you need additional tags for multiple vehicles, please let us know on the first day of school when you get into line.

As a reminder, doors will open at 8:20 and dismissal will be at 3:20. Please be patient with us the first few weeks as this will be a new process for many of our students.

For everyone's safety, please stay in line and do not pass other vehicles.

Please see map on the back which shows where to stop for dropping off students at door #10
