About Me

Welcome to a new school year! I'm Rachel Weyant, a reading specialist at Crestview. I work with students who need more intensive support with reading and spelling.

I've spent the last 25 years teaching in Carlisle as a 4th grade teacher and then as an interventionist. In addition to my Masters work, I've also completed training to become a Dyslexia Therapist with a specific certification in the Wilson Reading System.

GLAD YOU ARE HERE!!!
